Mr. C. H. Newman, who comes to this city as Road Master on the Atlantic Coast Line is a native of Concord township this county and is a practical railroad man, having worked up from the section.

Miss Antonia Gibson, of Richmond, Ga. who has been visiting Miss Pauline Gaillard, returned to her home Friday morning. Miss Gibson is a favorite in Sumter, and the many friends she has here regret her departure.
Mrs. Julian E. Flowers and child left for Charleston Monday. Mr. Flowers has accepted a position with a large wholesale hardware firm in that city and will make Charleston his home in future.
Mr. B. C. Wallace left yesterday morning for Norwood, N. C., where Mrs. Wallace has been visiting relatives for a month. Mr. Wallace will be absent from Sumter about a month, and will spend part of the time in Marlboro County.

DEATH.

The intelligence of the death of Mr. Jos. B. Mayes, which occurred about two o'clock last Thursday at his home in this city, was received with sadness and regret by the entire community. He had been confined to his room for about ten days, but his illness did not assume a serious aspect until Wednesday afternoon.

During the last twenty-four hours he suffered extreme agony, but he bore it throughout with fortitude and resignation, passing away peacefully at last.

He was a young man of sterling worth, and no one had a greater number of warm friends than he. Jos. was a general favorite and he will be sadly missed. He was a son of Mr. M. P. Mayes, Sr., of Mayesville, and came to this city to engage in business in 1892, and was employed as book-keeper for the firm of Rembert and Marshall. Afterwards he filled a position in the freight depot of the Atlantic Coast Line until he accepted a position with D. J. Chandler which he held until his last illness.

He was married last October, to Miss Leila Pierson, the third daughter of Capt. B. G. Pierson, and it seemed that his life was just opening before him, full of promise and happiness. He was in the full strength of young manhood, for he would not have attained his twenty-fifth year until July 23d, next.

Mr. Maurice Emanuel, of Georgetown, died at the Nixon House on Saturday afternoon of consumption, aged 48 years. He came to this city about four months ago from Summerville in hope of prolonging his life, but gradually sank until the end came. The body was taken to Georgetown on Sunday afternoon for interment. He leaves a wife and two children.

Mrs. T. C. Gaston, of Chester, a sister of Col. R. D. Lee and Mr. T. W. Lee of this city, died suddenly on Friday last after a brief illness.

Mrs. D. M. Campbell died Sunday afternoon after an illness of four weeks. She was a daughter of Rev. W. H. Hartin, of Ridgeway. The body was taken to Ridgeway Monday morning where the funeral services were held at 6 o'clock that evening. The death is a peculiarly sad one, Mrs. Campbell having come to this city a bride only two months ago. The sympathy of a large circle of friends goes out to Mr. Campbell in his sorrowful affliction.

The steamer belonging to the Fire Department has been put in through repair and repainted. It presents a very handsome appearance now.

A. S. & W. A. Brown have removed the remainder of their stock of goods to the store on Liberty Street formerly occupied by Dr. I. A. McKagen.

Mr. Wm. Graham's six acre patch of strawberries is doing finely and the setting out of new plants will begin in the latter part of the month.

There was a crowd of drummers in town yesterday. Sumter has not lost her popularity as a stopping over point with the commercial tourists.

The stockholders of the banks received checks for their semi-annual dividends on Monday. It was a pleasing variation of mid summer monotony.

Special Fourth of July excursion tickets will be on sale at all Atlantic Coast Line stations from July 24 to 4th with a limit until July 7th, for one and one-third fares.

The Atlantic Coast Line will sell round trip tickets to Baltimore on July 16th and 17th, good to return until August 5th, for \$12, on account of the Baptist Young People's Union, which meets in Baltimore.

The commission of the Sumter Manufacturing company has been received from the Secretary of State, and the books of subscription will be opened at the store of O'Donnell & Co., on July 5th.

Street Commissioner Tribble has completed an underpin on Canal Street that will drain Washington Street and prevent water from standing in that street after rains as it has in the past.

Japan plums, of which there are a few trees in the city, are beginning to ripen. There are several varieties of the Japan plum, all considered very fine by fruit growers, and it is surprising that more of them have not been planted in this section.

Superior of Registration W. S. James was in his office Monday and there was quite a crowd of negroes around the office applying for registration. There were also a good many white citizens applying for certificates, renewals and transfers.

Fresh water fish, principally bream and maumouth, are offered for sale on the streets in greater abundance than usual. The fish are taken in traps and nets, and it is said that quite a number of people make a business of catching fish for sale in this market.

Mr. W. T. Keels, conductor on the Atlantic Coast Line material train was slightly injured Thursday morning while attempting to board the train on the depot yards. He started to jump up between two flat cars and one foot was caught between the false bumpers and mached. None of the bones of the foot were broken and he suffers no greater inconvenience than an enforced idleness of a week or ten days.

United States Commissioner S. A. Norris heard the case of the United States vs. Tadgett Cabbagstalk, violation of section 5421, passing a forged order for a registered letter on the postmaster of the Sumter Post Office, Saturday. When brought before Postmaster Gaillard for identification it was found that Cabbagstalk was not the man who passed the forged order. He was accordingly dismissed.

A row started at a colored church near Providence on Saturday afternoon that terminated in a shooting scrape. Joe Logan and Robert Rembert were the principals in the difficulty, which, it is said, originated in a dispute over the possession of an umbrella. Logan shot several times at Rembert, one ball taking effect in the neck. The wound was, however, not serious as Rembert was able to walk to town Monday for medical attention. As far as can be learned no arrests have yet been made, but these will probably follow within a day or two.

Arrests of Railroad Thieves.

George Elliott, colored, formerly a train hand in the employ of the Atlantic Coast Line was arrested Saturday and committed to jail. There is strong evidence that he was connected in the robbery of a freight car on the night of the 21st, when 10 cases of whiskey, 10 boxes of tobacco and 5 kegs of beer were taken. There has been considerable talk around the streets this morning that in Elliott the man who burned the Guard House some weeks ago had been found. The police, however, deny that there is any foundation for this current belief. The detectives who have been at work on the robbery case say that there is a regular gang that has been systematically robbing freight trains for several months, but that the case has been difficult to work up and that it is a hard matter to locate all of the robbers. It is possible that something may be developed that will throw light upon the burning of the guard House and the death of Mayrant, who belonged to the gang of train robbers, but so far nothing has been learned.

George Vaughan, colored, was arrested about noon, as an accessory in the train robbery and committed to jail. The evidence against the gang is accumulating, and one of the railroad detectives is in town to-day at work on the case.

Notice of Club Meeting.

The members of Sumter Democratic Club are hereby notified to meet in the Court House on Monday evening, July 8th, at 6 30 o'clock, pursuant to the call of County Chairman, Marion Moore.

R. O. Purdy, President.

H. G. OSTERN, Secretary.

Scholarship Examinations.

Superintendent of Education Mayfield announces that the competitive examinations for the scholarships offered by Furman University will be held in every county on the 23d of August. There are two scholarships offered in each county. All communications in regard thereto should be addressed to Prof. C. L. Durham at Greenville.

On the same day in each county similar examinations for the normal scholarships in the South Carolina College will be held; all communications should be addressed to Dr. James Woodrow, at Columbia.

I. O. R. M.

At the last meeting of Pockhontas Tribe No. 16, Improved Order of Red Men, held on last Friday night, the semi-annual election of officers took place, and all the incumbents were re-elected as follows:

William Yeardon, Sachem.
L. W. Folsom, Senior Sagamore.
R. O. Purdy, Junior Sagamore.
N. G. Ostern, Prophet.

This is one of the best fraternal societies in the city, and is on a sound financial basis. The Red Men always look after their sick and distressed brethren.

Fire in the Country.

The dwelling house, barn and smoke house of Mr. D. A. Outlaw, of the Mechanicsville neighborhood, were burned on Saturday about 3 o'clock. The fire originated from a spark falling on the roof of the house. When discovered only a few shingles were on fire, but in a few minutes the entire roof was ablaze and it was impossible to stop the spread of the flames. There was no insurance on any of the buildings or their contents.

County Board of Commissioners.

The Board of County Commissioners met Monday. There was not a full attendance, but a sufficient number to constitute a quorum for the transaction of business.

Mr. F. E. Thomas, chairman of a committee appointed to confer with the persons holding overdu claims against the county—Mr. E. P. Ricker being the one most largely interested—made a report. In substance he recommended as being satisfactory to all parties an agreement to pay interest, at the rate of 6 per cent, on the outstanding claims from the beginning of the last fiscal year, November 1st, and that an extra levy of 1 mill be made annually until the claims are paid in full. This plan seemed to meet with the approval of the Board, as it will be in the end much easier on the tax payers than an issue of bonds to pay off the floating indebtedness. However, action was deferred until the October meeting of the Board, when the matter will be in better shape to be taken up.

Mr. N. S. McLeod, for the committee on Poor House, reported that there were fourteen children in the Poor House of an age to be bound out, as provided by law. There are, altogether, fifteen children in the Poor House, ranging from one to fourteen years old.

A number of claims were examined and approved.

Officers of J. O. U. A. M.

At a regular meeting of the Junior Order United American Mechanics held last night, officers for the ensuing term were elected as follows:

Councilor, Sheppard Nash.
Vice Councilor, A. G. Flowers.
Recording Secretary, B. C. Wallace.
Assistant Recording Secretary, W. C. Bagin.

Financial Secretary, B. F. Kelly.
Treasurer, William Yeardon.
Conductor, R. F. Willford.
Warden, E. L. Reardon.
Inside Sentinel, Louis Lyons.
Outside Sentinel, J. F. Reid.
Junior Past Commander, C. R. Rame.
Trustees, W. A. Brown, B. T. Williams, J. M. Knight.
Representative to State Council, J. F. Pate.

The Board of Health.

The election held Thursday for a city Board of Health holds the record for a quiet election. With only twenty three men to vote and all day in which to vote the election could not have been otherwise than quiet and uninteresting. When the polls closed at 5 o'clock and the votes had been counted it was found that Drs. J. A. Mood, Archie China and S. C. Baker, and Messrs. W. M. Graham and George B. Shore had been elected. These gentlemen, therefore, have the duty imposed upon them of looking after and guarding the health of the city of Sumter.

An agreement for the stores to close on Thursday, July 4th, (to-morrow) has been circulated and signed by nearly all of the merchants and business men. Hence it is safe to say that Sumter will have a holiday on the Fourth, and that no business of any consequence will be transacted. A crowd is talking of spending the day in Charleston and Sullivan's Island, but the majority of people who will be relieved from work on that day will loaf quietly and contentedly at home.

Farmers from various parts of the county report very rapid improvement in the condition of all crops during the past ten days. The improvement in corn is particularly marked, and with favorable seasons the corn crop will not be as short as feared some time ago. The tobacco crop has attained a fine growth and the present outlook is for a large yield of fine tobacco. As a result of the crop improvement the farmers are in a much more hopeful frame of mind. With a good corn crop Sumter can get along after a fashion, even though cotton does sell for little or nothing.

The fish fry at Cain's mill Thursday night was attended by about forty persons, and was in every respect a very enjoyable affair. There were quite a number of visitors from other places present, several of whom came over from Columbia especially to attend this rustic social function. The picnic party left town before dark and remained at the mill for several hours, not reaching home until midnight. Fish fries and moonlight picnics are more popular this season than ever before, and that they are pleasant and enjoyed by all is proved by the frequency with which they are given. That of last evening was given in honor of the young ladies who are now visiting in the city.

The reception given at the residence of Mr. H. Ryttenberg Thursday evening in honor of the Misses Kohn, of Orangeburg, and Strauss, of Mayesville, who were the guests of Miss Hattie Ryttenberg, proved a most delightful occasion to all who attended. A feature of the evening's entertainment was a guessing contest to discover the twelve things represented by the devices and inscriptions on a cent. A prize was awarded to those who guessed all twelve correctly; but there were only four who could make out an even dozen of correct guesses.

A Truly Great and Good Man.

Memoirs of Rev. John Leighton Wilson. Missionary to Africa and Secretary of Foreign Missions.

Such is the title of a book just issued by the Presbyterian Committee of Publication, Richmond, Va., and from the pen of the Rev. Dr. H. C. Dubose, who has been for twenty-three years a missionary in China. The book is an attractive duodecimo of 336 pages—clear, large type and good paper. The publishers have done their work well, and Dr. Dubose has placed the church and a very wide circle of friends under obligation by the attractive form in which he has collected and presented the simple, eloquent facts concerning the character and work of a great American, whose name, while known in all the continents, was a household word in every hamlet in South Carolina. But most of all was he loved and honored in Sumter County. For Sumter County sent him forth to help the world, and here his ashes sleep.

Dr. Wilson gave his great powers and energies with singular devotion to Philanthropic and Missionary work. In early life he spent eighteen years as a pioneer on the west coast of Africa. And for thirty-three years of his maturer age he filled the exalted and important office of Secretary of Foreign Missions. When in 1861 he left New York to serve and suffer with his own people, Dr. Charles Hodge is reported to have said of him: "The wisest man among us has gone out." Dr. Wilson was a man of singular simplicity, elevation, and loveliness of character. And Dr. Dubose, writing evidently *con amore*, has given us a faithful portraiture. I feel confident, Mr. Editor, that if you will do yourself the kindness to obtain a copy, you will thank me for calling your attention and that of your readers to it. It is wholesome, stimulating, refreshing, and sections of it as diverting as a romance. It may be had I think for \$1.50 of the Pres. Com. of Pub., 1001 Main St., Richmond, Va.

Hood Pills cure all liver ills, relieve constipation and assist digestion. 25c.

The changes in the roadway department of the Atlantic Coast Line removes Mr. George B. Bruner to Darlington from this place. He will have charge of the Cheraw & Darlington R.R. and the Charleston, Sumter & Northern R.R. north of Darlington. Mr. C. H. Newman is removed from Florence to Sumter and will have charge of the South & North Carolina R.R. and the C. S. & N. from Darlington to this place. Mr. W. W. Freeman has charge of the M. & A. and W. C. & A. roads in this division. Capt. A. N. Freeland, who has been for so long Road Master of the W. C. & A. R.R. between Florence and Columbia, with headquarters in Sumter has been removed. Capt. Freeland has been in the service of the Coast Line for twenty-two years, and there has never been an accident on the line under his charge that could in any way be attributed to a lack of care on his part. He worked his way up from the section, and has always been regarded as one of the most competent and practical railroad men in this state. The changes that caused the removal of Capt. Freeland are ascribed to the necessity of reducing expenses on the Coast Line system. We trust that Capt. Freeland will not leave Sumter, but will find it to his interest to remain here.

It May Do as Much For You.

Mr. Fred Miller, of Irving, Ill., writes that he had a Severe Kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called Kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all Kidney and Liver trouble and often gives almost instant relief. One trial will prove our statement. Price only 50c. for large bottle. At J. F. W.
